Resolution Encouraging Oklahoma Congressional Members to Pass the SAVE America Act

Whereas illegal immigration is a significant threat to American lives, liberty and property, through strains on our resources, threats to our voting integrity, increased crime, and reduced economic opportunity for citizens and loyal legal immigrants.

Whereas voting integrity is questionable in many states including the state of Oklahoma.

Whereas President Trump has demonstrated verifiable threats to our election systems including vulnerabilities in electronic voting systems and ballot-counting systems, China's acquisition and exploitation of American voter data, and noncitizens on state voter rolls,

Whereas over 80% of Americans support requiring a photo ID to vote and showing proof of citizenship when registering for the first time.

Whereas the SAVE America Act is important legislation that will secure our elections before the midterms, and start to restore Americans' confidence in our electoral system.

Now therefore, be it resolved, by the State Committee of the Oklahoma Republican Party that we urge the Oklahoma Federal Delegation make it a paramount priority to pass the SAVE America Act. We further urge Senators Lankford and Armstrong to make every effort publicly and privately to use procedural avenues, amendments to legislation, and public pressure to bring the SAVE America Act to successful passage in the Senate.

Be it further resolved, that the State Committee of the Oklahoma Republican Party thanks Rep. Brecheen for his stalwart tenacity to pass this bill, including public statements and amending legislation.

Resolved, this resolution will be forwarded to the listed elected officials, published as a press release, and sent via email to the distribution list.
